### Detailed Action

The nonstatutory double patenting rejection is based on a judicially created doctrine grounded in public policy (a policy reflected in the statute) so as to prevent the unjustified or improper timewise extension of the "right to exclude" granted by a patent and to prevent possible harassment by multiple assignees. See *In re Goodman*, 11 F.3d 1046, 29 USPQ2d 2010 (Fed. Cir. 1993); *In re Longi*, 759 F.2d 887, 225 USPQ 645 (Fed. Cir. 1985); *In re Van Ornum*, 686 F.2d 937, 214 USPQ 761 (CCPA 1982); *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970); and, *In re Thorington*, 418 F.2d 528, 163 USPQ 644 (CCPA 1969).

A timely filed terminal disclaimer in compliance with 37 CFR 1.321(c) may be used to overcome an actual or provisional rejection based on a nonstatutory double patenting ground provided the conflicting application or patent is shown to be commonly owned with this application. See 37 CFR 1.130(b).

Effective January 1, 1994, a registered attorney or agent of record may sign a terminal disclaimer. A terminal disclaimer signed by the assignee must fully comply with 37 CFR 3.73(b).

Claims 1-9, 13-15, 17-18, 25-27 and 29-41 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-17, 19 and 27-38 of copending Application No. 09/875,264. Although the conflicting claims are not identical, they are not patentably distinct from each other for the reasons set forth in previous Office Action, Paper #20.

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

This rejection is maintained for reasons of record in Paper #20. It is noted that this rejection was inadvertently not made by the examiner in the previous Office Action (Paper #24, mailed 10/22/02).

Applicants have previously indicated (in the response to the Office Action mailed 4/24/02) that the rejection be held in abeyance until allowable subject matter is indicated. The examiner has discussed this matter with the attorney of record and the

Art Unit: 1636

examiner was informed that a Terminal Disclaimer will be filed (See attached Interview Summary). However, since the Terminal Disclaimer has not been filed in time to obviate the rejection in this amended case, this Office Action will be mailed.

Claims 51-52 are allowed.

Claims 10-12, 16, 44-50 and 53-59 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
